# REFERENCES FROM VIP GUESTS

“Azerbaijan is currently experiencing a new stage of development. Realities arising from the great victory of Azerbaijan in the Patriotic War, reintegration of liberated territories into the country's economy, new international and regional transport and logistics corridors open up additional opportunities for dynamic development. We believe that the meetings, discussions held within the framework of the International Exhibition “Restoration, Reconstruction and Development of Karabakh” – Rebuild Karabakh will become a favorable platform for new initiatives, business relations and contribute to the transformation of Karabakh into a highly developed region”

**Mikayil Jabbarov,**  
Minister of Economy of  
the Republic of Azerbaijan

“Rebuild Karabakh” – “Restoration, Reconstruction and Development of Karabakh” is a welcome call to everyone who wants to contribute to peace, sustainable development and well-being, taking an active part in the revival of our liberated territories. Extensive strategic projects await us ahead. We are ready to cooperate with local and foreign investors in these projects. I want to express my confidence that the participants of the exhibition will receive great benefits for the future. I believe that in the coming years we will demonstrate our achievements at the exhibition “Rebuild Karabakh”

**Parviz Shahbazov,**  
Minister of Energy of  
the Republic of Azerbaijan

It is especially nice to see a large exposition of the “Rebuild Karabakh” exhibition dedicated to the restoration of the liberated territory of Azerbaijan. Both domestic and foreign companies are interested in participating in new projects. The interest of visitors is also high, which cannot be underestimated. British companies also take part in the “Rebuild Karabakh” exhibition. Among them is a company helping the agency for Mine Action (ANAMA) of the Republic of Azerbaijan. For this purpose, drones are used. Another participant of this event is “Aggreko” – power supply. Undoubtedly, British business is interested in investing in local projects to restore the liberated territories of the country.”

“Rebuild Karabakh exhibition is a very good reason for us to once again declare ourselves. This is a special historical event dedicated to the restoration of Karabakh. I am glad to see the great interest in the exhibition from foreign businessmen who are happy to present their products and services. They are happy for us, for Azerbaijan, they are happy to contribute to the development of our country”.

**Jeyhun Safarov,**  
Media Manager of  
AzVirt LLC

The exhibitions “BakuBuild” and “Rebuild Karabakh” made a great impression! I did not expect such great interest from both visitors and participants. All pavilions are equipped in an informative way, they are all very ambitious, they already provide ready-made solutions. It seems that the professionals missed the exhibition events. People are actively studying trends. I think that these are very effective exhibitions that will give an impetus to the further development of business, the country as a whole and, of course, the Karabakh region.

**Namig Javadov,**  
“Inkoel” LLC Director

“The National stand of the state of Israel was specially prepared for Rebuild Karabakh exhibition. Ambassador of Israel to Azerbaijan George Dick and President of Israel-Azerbaijan Chamber of Commerce and Industry Alex Kaplun highly appreciated the level of Organization of “Rebuild Karabakh” exhibition. We thank the organizers for the magnificent events, which are an excellent means of communication.”

**Gulmiya Ashirova,**  
Representative of
