

**Biotech
& Santé
BRETAGNE**

COSM'ING is an international event focusing on **cosmetic ingredients and biotechnology**. Since 1998, it has become a benchmark event offering deep insights into the latest technological developments and an opportunity for stakeholders (academic researchers or industrials) to network.

Enterprise Europe Network (EEN) Brittany, in partnership with Biotech Santé Bretagne, organises a brokerage event during COSM'ING (10th edition). The b2b meetings will take place **online on 29th of June and 11th of July** and **on site in Saint-Malo (France) on 5th of July**.

Who and why participate in COSM'ING?

Representatives from academia and industry attend to this event to identify, engage and enter into strategic partnerships. COSM'ING offers you a chance for meeting new partners and exchanging ideas for **collaborative research project, technology transfer, formulation and evaluation services, production partner** and **commercial opportunities**, in pre-arranged 25-minute one-to-one meetings.

Focus on the BtoB meetings:

- Promote your research and/or business
- Find ingredient & raw materials supplier
- Build new partnership for R&D projects
- Find buyers and/or distributors
- Explore option of technology transfer

Ticket price for online and/or onsite b2b meetings: **140€** for academic sector - **160€** for industrial sector

Note: COSM'ING will continue on 6 and 7 July with the conference part. The conferences will be mainly in French language, but some of them will be in English. All the presentations will be projected in English. You are welcome to attend the conferences part on 6 and 7 of July.
