The screenshot displays the Surfshark Antivirus application interface. On the left is a vertical navigation menu with icons for Real-time protection, Scheduled scans, Webcam protection, and Ransomware protection. The main content area is divided into two columns. The left column contains settings for Real-time protection (enabled), Scheduled scans (Full scan on Sun at 8:20 PM, Quick scan on Mon-Sat at 5:50 PM), Webcam protection (BETA, enabled), Trusted app list, Database auto-update (checked, 45min ago), and Quarantine auto-delete (enabled). The right column shows a status summary: 'Protected and safe.' with a shield icon, '24 578 Real-time scans today', and '3h ago Device scanned' with a bug icon. Below this is a 'Quarantine' section showing 'Empty' and two buttons for 'Full scan' and 'Quick scan'. At the bottom of the right column is a text prompt: 'Drag files to scan or open list'.
