Innovations in business and science
The largest economic event for
Lithuania related people globally

Under the Patronage

PRESIDENT OF THE REPUBLIC OF LITHUANIA
DALIA GRYBAUSKAITĖ

The World Lithuanian Economic Forum is the largest economic event for Lithuanians globally. The Forum brings together the leaders of international and local businesses across a range of different fields, promotes the formation of valuable contacts and the exchange of progressive experience, and contributes to the development of a strong community of Lithuanians around the world.

The Forum, which was first held in 2009, has previously been held in Vilnius, Chicago and London. The WLEF annually attracts more than 400 outstanding personalities in business, politics and culture from Lithuania and many other countries.

During 20-21th October 2015, the WLEF will be held in **Tel Aviv, Israel**. The event will focus on innovations, synergy between business and science, new technologies, breakthroughs in research and development, and the relationships between Israel, Lithuania and other countries worldwide. The President of the Republic of Lithuania Her Excellency Dalia Grybauskaitė is the patron of the Forum and will open the event.

"Lithuania is among the most innovative and fastest growing economies in Europe. From a lively startup community to advanced laser and bio-technologies – it offers new opportunities for business and investment. Home to highly educated and multilingual professionals, we believe that sharing our talent, creativity and ambition with Lithuanians globally, is the way for growth and success", - says H.E. Dalia Grybauskaitė, *the President of the Republic of Lithuania*.
